

Portable Hands-free Wireless Audio Package

Model PA300UHF-PL

1. The 30W RMS Wireless PresentationPro is powerful enough for groups up to 500 people with (un)balanced XLR / 1/4" mic and phone jack aux inputs, volume and tone controls
2. Omnidirectional bracket includes hardware for tripod mounting and for permanent installation
3. Portable tripod with carry case for mobility and storage
4. Matching 16-channel UHF belt pack transmitter with lavalier mic with 150' range
5. Foam-lined carry case for safe storage
 - Ideal for mobile presenters, classroom and athletic uses
 - Warranty for school use - unlike some other audio products whose warranties would be voided if used in schools

Perfect for classroom & AV cart uses, church meetings, small theaters, assemblies and indoor/outdoor functions, the portable PA300UHF-PL is as simple to use as it is powerful for voice amplification and multimedia presentations. It delivers hands-free operation with its lavalier mic and belt-pack transmitter. And with its wireless connectivity, additional speakers can be easily and quickly added for even greater audience coverage.

"Project Intercept"

Please contact us immediately if you experience any difficulties with your Wireless PresentationPro System. Our "Project Intercept" customer service program will quickly repair or replace items under warranty. Simply contact us via phone or email warranty@califone.com.
